iX Legacy: Completed Projects

Ahead of the much anticipated WISA Conference taking place from the 28-30 September 2022, where iX engineers will be exhibiting and showcasing our Water & Sanitation capabilities, we are proud to showcase two of our recently completed water projects:

Slope stabilisation at Schaapkop sewerage pump station

Client: George Municipality

Location: George, Cape Town

Robinson Dry Dock

Client: Transnet National Ports Authority

Location: V&A Waterfront, Cape Town

WELCOME TO THE
iX FAMILY

We welcome all our new clients to the iX engineers family and look forward to supplying you with our finest service delivery.

In Touch With The Industry

[Transnet to invest R16.1bn in Cape Town, Mossel Bay, Saldanha ports](#)

Transnet National Ports Authority (TNPA) will invest R16.1-billion at the Mossel Bay, Saldanha Bay and Cape Town ports in a seven-year capital investment programme.

[Small IPPs consider legal action after programme is cancelled](#)

Some of the preferred bidders that participated in the Small Renewable Independent Power Producers Programme (Smalls), which has subsequently been terminated, are considering legal action against Eskom and the Department of Mineral Resources and Energy (DMRE) to have the projects reinstated or to be reimbursed for costs incurred.
