iX engineers Newsletter – September 2022

Dear Valued iX Stakeholder

As a business, we are always looking to find new and exciting ways of keeping in touch with you, our esteemed clients. We would like to welcome you to the September edition of our bi-monthly bulletin where we share updates with the iX community.

Should you wish to continue receiving our newsletter, please click on the link below: [Click here](#)

iX Legacy: Completed Projects

The iX family has been hard at work ensuring that we continue to serve different parts of our country and the continent. We are happy to highlight some of the impactful, large projects, completed with some of the clients throughout the years as outlined below:

[Upgrade of Library Electrical Installations - Levels 4, 8, 11 & 14.](#)

[Upgrading of Road D221 from P25/1 via Mapoitsile to end of Tar Magogong 21.6km](#)

Welcome to the iX Family

We welcome all our new clients to the iX engineers family and look forward to supplying you with our finest service delivery.

WELCOME TO THE iX FAMILY

Highlights

[SITA GovTech Continent's Premier ICT Conference: 13-15 September 2022](#)

Our CEO, Ms. Lebo Leshabane moderated a round table on Upskilling Digital Skills and the Future of Work in Africa at this year's SITA GovTech Continent's Premiere ICT Conference, taking place from 13-15 September 2022.

She was joined by the Deputy Minister of Communications and Digital Technologies (South Africa): Naspers representative and the MICT SETA

[The BPI Iconic Leadership and Excellence Awards 2022 - 6th September 2022](#)

"Once people realize that you are not interested in politics, you're interested in making a difference, getting things done, delivering projects and practising ethical conduct, then people start respecting you for that."

- **Ms Leshabane.**
